Position Title: Facilitator for fREADom Live Classes
Department: fREADom Mobile App
Working with: Consumer App Team
Location: comfort of your own home!

About Stones2Milestones
Stones2Milestones is on a mission to 'Create a Nation of Readers', gifting children the will and skill to read in English. We have created India's most premier reading program for children of ages 3-9 and are currently impacting over 200,000 children in 110 schools across 50+ cities.
A significant part of this reading program is the fREADom mobile app. The award-winning app, which parents and children use at home to bond over reading, has over 1500 stories, activities and news pieces for children to read and enjoy.
The team believes that by helping children to 'Learn to Read' in elementary years, they enable them to 'Read to Learn' during formal education and eventually 'Read to Lead' in their chosen paths, helping them find their place in the world. Today, we are leveraging our technology platforms to grow our mission across three axes- age, geography and stakeholders.
Position, Purpose and Key Responsibilities:
We are looking to bring into our fold an incredible teacher/facilitator to conduct online classes for children of ages 6-10. These classes will be on topics related to phonics, vocabulary, comprehension, conversational English, storytelling and writing. They will be conducted via a video calling technology interface. Each class will be 45-60 minutes long. All the material you need to conduct the class will be provided.
This is a monthly retainership role. You will not be a full time employee of the company unless offered otherwise. The classes will happen between 3 pm - 8 pm.
Key Responsibilities:

- Conducting excellent and engaging live classes for children:

Conducting a minimum of 12 classes a week and maximum of 20 classes in a week in a way that children are able to meet their learning outcomes.

- Improving constantly:

Working relentlessly to improve the children's class experience and own knowledge of facilitation, pedagogy and technology. Accept feedback and give the Stones2Milestones team constructive feedback on the classes, topic flow and resources as well.

- Adhering to administrative needs for all classes:

Ensuring marking of attendance, correction of children's homework and keeping all documentation up to date.
